Jordan Reber
Pittsburgh, PA

Jordan Reber has over 17 years of experience in the transportation industry. He has worked with asset-based trucking companies and third-party logistics service providers. Jordan is currently the Executive Vice President of ARL Logistics, one of the nation's fastest-growing asset-based logistics companies. His areas of expertise include flatbed & dry van domestic transportation, LTL, intermodal, drayage, warehousing, and transloading. Jordan advocates for promoting collaboration within logistics and is involved with organizations focused on integrating new and updated technology into the industry.
